

# Uni 102 – Legacy Project – Brainstorming Ideas

## with Brenda Beckwith & Ken Josephson

25 Mar 2010

### Outside Projects:

- Focusing on the Outside BioSphere
  - castings & mosaics
  - Rain Garden
  - Projects outside of new buildings
  - **Paths**
    - metaphors: forking off in different directions, journey, experience traveling, all on it together, seeking new place
    - like a tree laying down, each path branch going in a different direction
  - **Bridges**
    - metaphors: bridging disciplines, bridging departments, of ideas, new direction
    - mosaics on bridge between SSM buildings
  - **Stepping Stones**
    - put in ground, to be stepped on
    - as part of paths & bridges
- **Organic Sculpture**
  - with branches & natural materials
  - created by & with people & community, then let go, to decompose
  - art would become part of landscape, designed to “go away”
    - each class would have a reason to add to project as the other end “falls-off”
- Start a Hole; each successive class digs hole deeper
- Create a Community Garden
- Build a super & keep bees
- Flaps or Sails blowing in the wind on the roof-tops
  - with photos of Gary Oaks, etc
- Replace Steps to Mystic Vale
- Draw quotes and/or pictures, with material that will fade with time, blow away in the wind, wash away in the rain, dye/paint that fades with light/time
- Outdoor Solar-powered lanterns

## **Uni 102 – Legacy Project – Brainstorming Ideas (page 2)**

### **Inside Projects:**

- Recycle paper cups & scrap paper to Make Paper
  - for writing on
  - cast paper
  - add bits of leaf & plant material
  
- Photo Collection
  - digital
  - web-page
  - scrap-book/photo-book
  - concept maps
  
- Quotes / Poetry written/painted on large sheet/sail-cloth
  - quilt as a wall-hanging
  - each Uni 102 class/student adds another panel
  
- T-Shirts
  - with 1 or 2 community pictures
  
- Create a tile (small square) of art & collage together
  
- Paint Designs on floor with paint brushes
  
- cut up papers/art/drawings from children with pics of community for future generations
  
- patches of photos sewn on clothing
